QUIET PREVAILS IN MANCHURIA

COMBATANTS SATISFIED WITH SUCCESSES

Belief is General Advance by Russians Will Soon Be Made—Officials at St. Petersburg Occupied With Other Affairs.

Comparative quiet prevails in Manchuria, the combatants apparently being satisfied with their successes in minor engagements, but, the weather having again become warm and fine, the belief is general that an advance by the Russians will shortly begin. In diplomatic circles in St. Petersburg intense interest is displayed in arrangements regarding the investigation of the North sea incident. Most of the details for carrying out the inquiry have been arranged, including the composition of the international court which will make the award.

London, Oct. 29.—The board of inquiry will likely be opened at Hull early next week and will be presided over by a naval officer, assisted by a leading lawyer. The inquiry will be confined to ascertaining the circumstances from the fishermen's point of view and assessing the damage. The report of the evidence will be forwarded to the international commission. The inquiry will express no opinion on the action of the Russian squadron.

After the excitement of the last few days a complete lull now prevails in diplomatic circles. Balfour is playing golf. How hard Ambassador Benckendorff works on for peace probably will never be thoroughly known.

St. Petersburg, Oct. 29.—Great interest is displayed in diplomatic circles over arrangements for the investigation of the North sea affair. According to high authority, the two governments will draw up a series of questions which will serve as bases for the investigation of facts in the case by a mixed commission at Vigo and Hull. The reports of the commissions will be handed Russia and Great Britain. For the award an international court will be created by special treaty in conformity with provisions of The Hague convention. It is believed that this court will be composed of a foreign naval and jurist appointed by each of the two powers. These four members will select a fifth, who will have a casting vote. The court will possibly be given the right of passing sentence in the case.

Washington, Oct. 29.—Secretary Hay communicated to the president cable advice from the embassies at London and St. Petersburg confirming press reports of the agreement of the British and Russian governments to submit the Dogger bank incident to an international commission. The president expressed his sincere gratification at this peaceable conclusion of what threatened to be a dangerous issue. The president is also gratified at this fresh recognition by European powers of the binding force of The Hague treaty.

St. Petersburg, Oct. 29.—The Associated Press is unable to obtain confirmation of the report that Rojdestvensky has offered to resign, a statement to which effect has been cabled to the United States. There is not the slightest disposition on the part of the admiralty to doubt the entire veracity of his report. The admiralty declared that no knowledge regarding the statement that Rojdestvensky's ships were injured by fire from other vessels of the squadron and it also declines to entertain the idea that the Russian admiral might have sunk one of his own torpedo boats, mistaking it for a hostile craft. The version of the affair to this effect which is circulating in St. Petersburg is based on the fact that only seven Russian torpedo boats have arrived at Algiers, whereas Rojdestvensky left Libau with eight.

JAPANESE OFFENSIVE.
Mukden, Oct. 29.—The Japanese assumed the offensive Oct. 27 at Yanshin. The whole day was passed by the artillery in preparation for bombardment of the Russian positions. Toward evening a whole regiment moved out to capture a hill on which is a Buddhist temple a mile south of Yanshin. The temple was held by a Russian battalion with two machine guns. A fierce fight with cold steel ensued. The Russians were outnumbered, their machine guns were dismantled and they were compelled to fall back upon their main positions, carrying with them the barrels of the machine guns. The Russian artillery then swept the hill with such a hail of projectiles that the Japanese were unable to remain there. Heavy losses were inflicted on both sides.

RUSSIA INVITED.
St. Petersburg, Oct. 29.—Great Britain has invited Russia to be represented on the board of trade inquiry at Hull into the North sea incident. Germany has not yet made representations to Russia in the case of the German fishing vessel Sonntags, fired on by Russian warships the 21st of Horn's reef.

WAR REPORTS.
Tokio, Oct. 29.—Official reports confirm press dispatches of the capture of Taitoshan by Japanese on the 27th. A strong force of the enemy assembled at Kingtoshan and Russian guards holding the heights north of Taitoshan have been

notably disappeared. In other directions artillery duels occasionally occur.

It is officially declared in most positive terms that Japan has neither purchased nor chartered a single torpedo boat in England since the outbreak of the war. St. Petersburg, Oct. 29.—Bakharof reports no general fighting on the 28th. There is occasional cannonading along the whole front, but the Japanese fire is inefficient. Russian casualties are insignificant. The night of the 28th-29th was quiet. The general staff to day issued a statement of the number of killed, wounded and missing in fighting which began Oct. 20 and ended the 18th. It totalled 800 officers and 45,000 men.

Mukden, Oct. 29.—Lieutenant General Linovitch arrived here to day to assume command of the Siberian army corps. No fighting of importance occurred yesterday or last night.

St. Petersburg, Oct. 29.—The arrival of Lieutenant General Linovitch at Mukden to assume command of the Siberian corps is the most interesting item in to day's war news. It is believed he will be summoned by Kuropatkin to assume an important part in the conduct of the campaign.

Operations in Manchuria have again lulled during the last couple of days, the Japanese and Russians apparently contenting themselves with partial successes, the Russians having captured a couple of villages on the western flank, while the Japanese carried the Buddhist temple on the hill east near Bentalsputze.

Kuropatkin has received sufficient reinforcements to replace the 5,000 officially admitted to have been killed, wounded or missing in the battle of Shinku.

The general feeling here is that an advance cannot be delayed if Kuropatkin still hopes to reach Port Arthur before the fortress falls.

Kuroki's Headquarters, Oct. 29. Via Fusan, Oct. 30.—Russians attempted at midnight last night to retake Wailiao mountain, occupied by the Japanese last Thursday. No details of last night's fighting have been received yet. Wailiao mountain has been bombarded frequently since its capture by the Japanese. Its defenses were of a semi-permanent character and trenches very deep. The Russian loss there was nearly two hundred. They left seventy dead and wounded on top of the hill. The number left at the foot is unknown, as the Japanese are unable to reach there, owing to the constant firing of the Russians.

PROPOSAL FROM JAPAN.
St. Louis, Oct. 29.—The Republic to-morrow will say: "Dr. August Greth, of San Francisco, inventor and navigator of the airship 'California Eagle,' which has repeatedly made successful flights, has received a tentative proposal through representatives of the Japanese government, and if arrangements are perfected as suggested his craft will be shipped to the Orient to be used in exploding dynamite and other high explosives over ships of the Russian fleet and over cities and forts within the circle of hostilities."

ASKED TO BE RELIEVED.
St. Petersburg, Oct. 29.—A statement was positively made this afternoon, though it is impossible to confirm it, that the emperor last night received a telegram from Admiral Rojdestvensky saying in view of what had occurred he asked to be relieved of his command.

RUSSIAN WARSHIPS.
Tangier, Morocco, Oct. 29.—Four Russian cruisers, three torpedo boat destroyers and five colliers arrived here this morning. The Russian flagships exchanged salutes with the French and British cruisers.

GANS BRIT FIGHT.
San Francisco, Oct. 29.—Interest in the contest between Joe Gans and Jimmy Britt scheduled for Monday night centers in the query whether Gans can make the required 135 pounds. Britt says that if Gans is one ounce overweight he will insist on the \$1,500 forfeit and that there will be no fight. Referee Graney has announced that if Gans is overweight and Britt is persuaded to go on he will declare back off. Gans asserts that he has no fear of being overweight.

HOLD CELEBRATION.
St. Louis, Oct. 29.—In commemoration of the Louisiana purchase the interdenominational celebration of home missionary societies of the United States was held to day in Festival hall. The leading address was delivered by Rev. A. B. Storms, of Ames, Iowa.

CHAMBERLAIN'S COUGH REMEDY

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectively and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by all leading druggists.

SPEAKS IN THREE STATES

VISITS KENTUCKY, OHIO AND INDIANA

Senator Fairbanks Concludes Day of Speechmaking at Cincinnati—Listened to by Large Audiences.

Louisville, Ky., Oct. 29.—For the first time during the campaign Kentucky was invaded to day by Senator Charles W. Fairbanks. The senator's reception in Louisville was very flattering. He made a brief speech at noon to a large crowd, dwelling particularly on the efficiency of the Republican administration and desirability that Kentucky should align itself in the column of Republican states Nov. 8. Cincinnati, Oct. 29.—Senator Fairbanks to night addressed a great audience, concluding a day of speechmaking, which included stops at various Indiana points and Louisville, Ky. The Cincinnati meeting was one of the largest and most enthusiastic of the senator's tour. The issues of the campaign were discussed by Fairbanks along the same lines as in his former speeches. He devoted a large portion of his address to the tariff, arguing that prosperity is the result of the Republican protective policy.

WEST VIRGINIA.
Washington, Oct. 29.—Senator Scott of West Virginia showed the president to day a poll of West Virginia. He declined to make public the precise figures, but asserted the Republican national ticket would carry the state by 20,000 to 25,000. In his judgment, Roosevelt is certain of 30 votes in the electoral college and may have 311.

CULLOM AND THURSTON

Principal Speakers at Republican Rally in Chicago.

Chicago, Oct. 29.—John M. Thurston, former senator from Nebraska, and Senator Cullom of Illinois were the principal speakers at a Republican rally in the Auditorium under the auspices of the Railway Employes' Twentieth Century club. "The campaign of 1904 is about to close," said Cullom. "The Republican party is again asking the support of the voters of the United States and presents a record of past achievement such as no other party in this or any other country in all history can offer. The Democratic party in the last forty years can only present a record of two years of the most disastrous financial ruin ever known in this country."

Cullom eulogized Roosevelt, concluding: "His ways are democratic, his sympathies are with the people, he is honest, frank, fearless, able and there can be no doubt as to the result of this campaign, with Roosevelt as the issue."

Thurston spoke at considerable length, praising the policies and record of the Republican party which, he declared, has done for more the country than any other organization of its kind since the foundation of the republic. He dwelt briefly with the subject of trusts, asserting that the regulation of such organizations might safely be left to the Republican party, which was the only party that had shown either a desire or ability properly to control them.

SECRETARY SHAW.
Roanoke, Va., Oct. 29.—Secretary Shaw made three speeches in the ninth Virginia district to day. At Wytheville he said, among other things, that under Cleveland's administration the workmen felt beggared for work and then for bread. Shaw offered his personal check for \$1,000 to any one who would show that good times had attended a Democratic administration.

SPEAKER CANNON.
Providence, R. I., Oct. 29.—Speaker Cannon addressed a large and enthusiastic audience at Infantry hall to night. His speech was devoted chiefly to emphasizing the benefits of a protective tariff.

TESTIFIED AGAINST BROTHER.
Grand Rapids, Mich., Oct. 29.—Lant E. Salisbury, chief witness for the prosecution in the water deal cases, to day at the first trial of ex-Mayor Perry for the first time named his brother Walter as the person who helped him in the duplicate key scheme in Chicago by which he secured the alleged bribe fund of \$50,000 deposited there and belonging to the Barons of Omaha.

FOUND DEAD IN OFFICE.
Burlington, Iowa, Oct. 29.—Ed Winter, president of the Winter Manufacturing company, was found dead to day in his office, where the gas was turned on. His company failed yesterday. The coroner's jury rendered a verdict of accidental death.

CONDITION IMPROVED.
Cincinnati, Oct. 29.—The condition of Archbishop Elder to night is very much improved and physicians are more hopeful of the outcome.

COAL OPERATORS

Stand by Executive Board Regarding Demand of Engineers

Springfield, Oct. 29.—The Illinois Coal Operators' association to day after two hours discussion decided, 50 to 8, to stand by the action of their executive board in Chicago last Wednesday regarding the demand that hoisting engineers be given the same rate of wages for the ensuing year as for the year past. The engineers have twice refused to arbitrate.

ORDERED TO STRIKE.
Peoria, Oct. 29.—The local division of hoisting engineers to night received orders from headquarters at Danville to strike. Tuesday if demands are not acceded to by the operators.

TAKING A VOTE.
Springfield, Oct. 29.—A referendum vote is being taken by the hoisting engineers throughout the state to night on whether they will accept the proposal of the operators.

JOHN MITCHELL

What the Great Labor Leader Wants to See.

Seranton, Pa., Oct. 29.—John Mitchell, president of the United Mine Workers of America, addressed the "Mitchell Day" meeting at Mahanoy City to day. He said: "I want to see such relations established between employer and employe as shall make strikes, lockouts and blacklist impossible. I want to see every workman a union man, for unionism stands for higher wages, greater efficiency, shorter hours and better work."

TOO ACTIVE.
Washington, Oct. 29.—President Roosevelt has directed the removal of Jacob W. Bunn, finance clerk of the Philadelphia postoffice, for perilous activity in collecting campaign funds from employees of that office. The civil service commission recommended Bunn's dismissal. The president's order was in accordance with this recommendation.

MINE DISASTER

Trinidad, Colo., Oct. 29.—Coroner Sipe, who has begun the inquiry into yesterday's explosion, to day said there are about twenty-two miners entombed, probably all dead. As the mine is burning, cremating the bodies, it is impossible to determine the exact number in the mine. There were but two Americans among the miners, the others being Slavs and Mexicans.

Coroner Sipe says to night that after investigation he believes there were forty-nine miners in the mine when the explosion occurred.

MUSEE BURNED OUT

St. Louis, Oct. 29.—The five-story building at 312 North Broadway, occupied by the Midland Machine company with a number of amusement concerns, as a museum, was gutted shortly after 6 o'clock this morning. Many of the players and attaches of the place were carried out by the firemen, nearly suffocated from smoke. The loss is about \$12,000.

WILL MAKE GLASS COFFINS.

Petersburg, Ind., Oct. 29.—The Stafford Johnson Glass company has been formed here and will manufacture glass coffins. The company is organized under the District of Columbia laws and Rev. James M. Stafford, the patentee, is president. The output of the factory will be 1,000 glass coffins a day.

RIFLE SHOOTING RECORD.

Lincoln, Neb., Oct. 29.—What is claimed to be the world's record for rifle shooting at moving targets was made to day by Captain Hardy, of Lincoln. With a 22-calibre rifle at twenty-five yards he broke successively 1,000 two and one-half wooden balls. The former world's record was 387.

BANK STATEMENT.

New York, Oct. 29.—Loans, increased \$4,350,000; deposits, increased \$1,537,000; reserve, increased \$95,100; surplus, decreased \$1,000,275.

MISS ASTOR MARRIED.

London, Oct. 29.—Miss Pauline Astor, daughter of William Waldorf Astor, was married at St. Margaret's church, Westminster, this afternoon to Captain Spenner-Clay.

JAPANESE MINISTER ILL.

New York, Oct. 29.—The Herald says Japanese Minister Takahira is seriously ill, showing symptoms of appendicitis. His physician is reported greatly concerned regarding the minister's condition.

WRECK IN WISCONSIN.

Chippewa Falls, Wis., Oct. 29.—A west bound Wisconsin Central passenger train jumped the track near Downing to day. Six passengers were severely injured and a score of others bruised. The severely injured included: J. E. Dempster, Lee, senior center, Minn.; Laura Mader, Chippewa Falls; Miss Dillman, Downing; Miss L. L. Burnham, Oshkosh.

ON THE FOOT BALL FIELD

CONTESTS BETWEEN NUMEROUS ELEPHANTS.

Chicago and Illinois Play Tie Game—Michigan Defeats Wisconsin—Pennsylvania Wins From Harvard.

At West Point: West Point, 16; Williams, 0.
At Topeka: Kansas, 6; Washburn, 0.
At Iowa City: Iowa, 10; Ames, 6.
At Chicago: Chicago, 6; Illinois, 6.
At Norfolk, Va.: Carlisle Indians, 11; Virginia, 6.
At Annapolis: Navy, 9; Swarthmore, 0.
At Minneapolis: Minnesota, 16; Nebraska, 12.
At Madison: Michigan, 20; Wisconsin, 0.
At New York: Yale, 31; Columbia, 0.
At Philadelphia: Georgetown, 17; Holy Cross, 4.
At Ithaca: Cornell, 6; Princeton, 18.
At Cambridge: Pennsylvania, 11; Harvard, 9.
At Middletown, Conn.: Dartmouth, 23; Wesleyan, 0.

Chicago, Oct. 29.—A tied score—0 to 0—was the result of the foot ball struggle on Marshall field to day between the University of Illinois and University of Chicago, played before 15,000 people. While the score was a tie, the enthusiasm of the state university's followers after the game was so exuberant that it was apparent that they considered the result a victory over Chicago. It was a game of straight foot ball. Both teams were frequently penalized and much time was taken out. Moynihan, Taylor and Fairweather played a star game for Illinois, while Beckett, Catlin, Spelt and Perry did the best work for Chicago. The Chicago men made their score after they had been forced to punt from the center of the field. Taylor, who caught the ball, fumbled it and Perry of Chicago picked it up, ran twenty-five yards for a touchdown and kicked goal. Neither team was able to score in the first half. By a sensational run of forty yards by Beckett, in the second half, the ball was carried to Chicago's twenty-yard line. By hard foot ball tactics the Illinois eleven gradually advanced the ball to the one-yard line and Fairweather was pushed over for a well-earned touchdown. Moynihan, who played the star game for Illinois, kicked the goal.

MICHIGAN-WISCONSIN.

Madison, Wis., Oct. 29.—Wisconsin's plucky foot ball eleven went down to defeat before Michigan at Camp Randall to day by a score of 28 to 0. The score at the end of the first half was Michigan 6, Wisconsin 0. At no time during the game did Wisconsin put Michigan on its metal. In the last part of the first half, Coach Curtis men braced up and kept the ball in Michigan's territory for twenty minutes, having it on Michigan's forty-five-yard line when the half ended. The superior weight of the Michigan team was a serious handicap to Wisconsin. It was not weight alone, however, that won. Good generalship and brilliant foot ball contributed largely to the final score. Captain Weston made two spectacular runs for touchdowns, going around Wisconsin's ends both times. The first run was for seventy-five yards, the second for sixty. Wisconsin's ends and tackles were their point of attack. The teams indulged in considerable punting. Eleven thousand people were present. Wisconsin's rooters were well organized and supported by the university band furnished plenty of enthusiasm. Michigan was represented by about five hundred rooters and its band.

PENNSYLVANIA-HARVARD.

Cambridge, Mass., Oct. 29.—The third surprise of the foot ball season occurred at Soldiers field to day when Harvard was not only defeated and prevented from scoring, but was completely outplayed in every department of the game by the University of Pennsylvania by a score of 11 to 0. Only three times throughout the game was the Harvard eleven within striking distance of Pennsylvania's goal. On two of these occasions the fumbled ball. On the third, she was held for downs when only twelve yards away from the Pennsylvania goal. At the end of the game the Pennsylvania students jumped into the field and in the wildest enthusiasm carried to their dressing rooms the team which had broken the long string of defeats which Pennsylvania had sustained at the hands of Harvard. The game was unusually rough, slugging being frequent on both sides, and for this offense two Pennsylvania players were ruled off the field.

YALE-COLUMBIA.

New York, Oct. 29.—Outclassed in every department of the game, Columbia was defeated by Yale 31 to 0. In their five contests this was Yale's most decisive victory. It was Yale's day from the start and after the first half it became merely a question of score, not of result. NORTHWESTERN-DEPAUW.
Chicago, Oct. 29.—Northwestern university had an easy time this afternoon with the eleven from DePaul, defeating it by a score of 45 to 0. The Northwestern team

was much heavier than that from DePaul, but outclassed it in other respects as greatly as in its outplay. Northwestern scored 17 in the first half and 28 in the second.

MINNESOTA-NEBRASKA.
Minneapolis, Oct. 29.—In one of the hardest fought and contested games ever played on a western gridiron Minnesota to day defeated Nebraska 10 to 12. From first to last nothing but the fiercest foot ball was in evidence and Minnesota won her victory because of the superior offense that the Nebraska men could not solve.

INDIANA-OHIO.

Bloomington, Ind., Oct. 29.—Indiana university won a vigorously contested game from Ohio State university 8 to 0. At the end of the first half neither side had scored. Not a touchdown was made by either team, but Indiana by two successful punts won the game.

LETTER TO HAY

Senator Morgan Accuses Secretary of State of Drawing Imperfect Treaty.

Washington, Oct. 29.—Senator Morgan of Alabama in an open letter to Secretary Hay, made public to night, accuses that official of drawing an imperfect treaty with Hawaii and of having "sneaked out" of negotiations for the Nicaragua route. The letter, which is intended as a reply to the secretary's recent speech in New York, concludes:

"Before you charged Democratic senators with the crime of not believing a word they say in their criticism of your conduct and that of the president, and with men of being robbers who prepared it, would it not have been more in keeping with your exalted attitude toward them that you should have explained your hasty dealings with Buena-Varilla, that you should have cleansed your robes from contact with culprits of the Panama Canal company and should have delivered the country from that 'body of death' that France has so long struggled to unload upon the United States?"

TRAIN WRECKED.

Shoshone, Wash., Oct. 29.—The North Coast limited on the Northern Pacific was wrecked near Ligt of day. The length and four cars were derailed. One passenger was killed, two seriously and several slightly hurt.

CONSUMPTIVES BARRIED.

Denver, Colo., Oct. 29.—Consumptives are hereafter to be barred from the position of letter carrier and postal clerk in the Denver postoffice. A special order to that effect was received to day from the department at Washington.

Groceries Advertising.

New York has always had quite as many curiosities in the way of advertising as any other large city, but a firm of undertakers who are doing up the outside of a building on a main thoroughfare for their occupancy have something that is probably not to be equaled in the world. It is a brick building of good size which they have had painted black, the intersection of the bricks outlined with white, and to add to this funereal appearance they have painted across the front in large letters, also in black and white, the word "Undertakers." This structure is on Sixth avenue and stands out in grotesque fashion from the other business buildings which surround it.—New York Times.

Paradise For Spanish Convicts.

In the Zafarini islands, off the coast of Morocco, where the Spanish government keeps its most dangerous convicts, the prison wardens have started a number of wig shops and provision stores in the convict settlement. Here the prisoners are allowed to drink and play cards all day and appear to be under no kind of control except that they cannot leave. Their sweethearts by arrangement with the wardens are secretly allowed to visit the island.—Financial Times.

When the Shah Signs.

When the shah of Persia makes a proclamation or signs a state paper the occasion is never lacking in ceremonial words. Every paper begins thus:

We, Muzaffer-ed-din, by the grace of God and His Holy Prophet, Absolute Ruler of the Empire of Persia, do command and have hereby commanded.

And the signature is always:

MUZAFFER-ED-DIN.

By the Shah, The Atabeg, Azem, Emir-ec-Sultan.

"The Ancients" Are Not in It.

Quoting the ancients, a local parson says that wisdom's first step is the recognition of the existence of ignorance. Nope. Not now. We've got the ancients skinned a mile. To-day wisdom's first step is to get a bunch of money, put it in your wife's name and then cut loose.—New York Telegram.

DEMOCRATIC COLLEGE MEN

HOLD MASS MEETING AT NEW YORK

Addressed by Justice Herriek and Senator Raynor of Maryland Predictions of Democratic Success Made.

New York, Oct. 29.—Justice Herriek, Democratic candidate for governor, and United States Senator Raynor of Maryland spoke here to night at a mass meeting held under the auspices of the College Men's Parker and Davis league. Senator Raynor took issue with the Republicans upon the prosperity statement and declared there is no general prosperity among the millions who are telling for the necessities of life, with whom high prices are a bane, not a blessing. The properly the Republicans are dwelling upon in all confined within contracted quarters in commercial centers, while the great body of the American people are not nearly contented and as prosperous as they have been during Democratic ascendancy. Speaking of the Philippines, Raynor said that as a financial transaction they are about as valuable as the Dead Sea or Desert of Sahara. He declared that the Republican party was in partnership with the protected interests and that prohibitive duties are crimes against the constitution. He spoke highly of Roosevelt's character, but criticized him as a Republican.

RAINBOW CHASER

Election of Parker Predicted by Secretary of Democratic Committee.

New York, Oct. 29.—Urey Woodson, secretary of the Democratic national committee, who said he was speaking for the committee, to day predicted the overwhelming election of Justice Parker as the president. He predicted that all doubtful states will be Democratic, and that some of the states called Republican will be and are doubtful.

COWHERD'S CLAIM.

Washington, Oct. 29.—Chairman Cowherd of the Democratic congressional committee to day issued a statement claiming 22 seats in the fifty-ninth congress for the Democrats. He bases this prediction on the claims strength of the national ticket, on the past and local discomfiture in the Republican ranks in the middle west; included in Cowherd's estimates are: Illinois, 10; Indiana, 7; Iowa, 2; Michigan, 2; Minnesota, 2; Missouri, 1; Nebraska, 2; Wisconsin, 0.

ADDITIONAL SHORTAGES.

Topeka, Kan., Oct. 29.—Governor Bailey to day gave out a long report from State Accountant Rowett showing additional shortages in the state treasurer's office aggregating about \$31,000, covering school fund transactions of several counties. Accountant Rowett draws no conclusions from his findings.

Shirt Waist Adjuster.

Sew to the corset some distance below the waist line loops of tape or cotton cloth about an inch in length, two loops at the back and three in front—that is, one directly in front and two toward the under arms. Then sew on the waist band of the shirt waist narrow tapes long enough to lie in the loops.

To Keep Green Peppers.

If green peppers, which are plentiful and cheap at this season, be wrapped separately in several thicknesses of paper and put away in a dark, cool place they will keep perfectly for months. Stuffed green peppers at Christmas time are a luxury.

To Clean Photographs.

Photographs can be nicely cleaned with a soft cloth moistened with lukewarm water to which a little ammonia has been added. Use very lightly, and immediately wipe the picture with a soft, dry cloth.

Rusty Iron Sinks.

When the kitchen sink is rusty and the set tubs, from neglect, become coated with accumulations of wash waters rub them over with kerosene.

Stains on Polished Wood.

To remove the discoloration caused by placing a hot dish on a polished wood table rub with wood alcohol and then with linseed oil.

To Whiten the Hands.

The best thing to whiten red hands is lemon juice. Rub a little in every time after washing.

EGYPTA'S SUCCESS.

The various committees of the Woman's club are rejoicing over the hearty support given by the singers of Jacksonville to their plans for organizing "Egypta." The most gifted of our leading soloists have willingly accepted solo roles in the opera, while hundreds of young people, representing churches of all denominations, have filled up the various choruses. The adult choruses assemble at 7:30 o'clock each evening, and contains over 150 voices. There are nearly 200 fresh voiced little girls in the afternoon chorus. A large festival orchestra will sustain the voices. The opera is laid in the land of Egypt during the reign of Rameses, the Great. From its oriental nature there is unusual scope for scenic display. There are twelve stage settings painted by the artists of the Broadway theatre of New York city. All the pomp and splendor of Egypt at the time of its greatest glory will be portrayed. Rich oriental costumes will add realism to the production. A number of representative citizens will be "Patrons" for the opera.

Reserved seats may be procured either for the entire I. C. lecture course or for the Government Official Indian band any time next Tuesday, Nov. 1.

REFORMATION ANNIVERSARY.

The Salem Lutheran congregation celebrates its annual Reformation festival to day. Two special services will be held, a German service in the morning and an English service in the evening. In the German service the pastor will discourse on: "Luther Before the Emperor at Worms." The subject of the evening's English sermon will be: "Lutheranism and Americanism." A vocal solo will be rendered in the evening service by Mrs. Robert Stice.

SURPRISE PARTY.

The pleasant home of Mr. and Mrs. J. W. Reif, of Alexander, was the scene of a very pleasant function for the little girls of the village Saturday afternoon, the occasion being in honor of their daughter, Miss Edna's ninth birthday. The parlor was decorated in colors of orange and white and the dining room was in pink and white. The day being pleasant was suitable for both out and indoor games. Miss Edna proved a general hostess, being ably assisted by her mother. Refreshments, sandwiches, cakes, candies and other things that go to delight the hearts of young ladies were served. Miss Edna was the recipient of many nice presents. Those present beside the hostess were: Vivian Louise Strawn, Mary Patton Harriesen, Hazel Ferguson, Gertrude Kumble, May Edmonds, Alta

Lewis, Myrtle Lewis, Barbara Hermes, Mary Hermes, Mabel Moore, Buella Ryman, Lola Ryman, Marguerite Reif, Elizabeth Reif and Mary Reon Reif.

The time for election is drawing near. Surely the people will not stand for a change when all is going so well as it is at present. Prosperity is something not easily attained and when attained is easily lost, as we found to our sorrow from '93 to '97. Vote the Republican ticket and vote it straight.

Our noble state is a grand commonwealth and its honor and integrity should be preserved. It has a proud name in the galaxy of states and stands well toward the head in all things. It was sorely disgraced from '93 to '97 and we should not take the risk of repeating that experience. Vote for Charles S. Denney and be sure that the state has a man who will honor it and keep it in the ranks of the well governed commonwealth.

We all want the farms properly surveyed and for that work need a man who has had the experience and the knowledge for the work. It needs a man accurate, well informed and withal polite and reasonable toward all with whom he comes in contact. He should be capable of going ahead and determining a boundary or a corner stone and settling important matters and such a man is Mansell Dudley, the Republican candidate for surveyor.

The public schools need a man at their head who is a thorough schoolman, and J. H. DeLong is such a man. He is in close touch with the teachers of the county, conversant with the course of study and grading the country and village schools. A very successful teacher himself and in every way eminently qualified, and if he is elected we may rest assured that the interests of the schools will be looked after in a first class manner.

In the legislature there are important duties to be performed and we need careful men to do the work; men who have the suitable ability, the indispensable honesty and the knowledge of men and affairs to conduct themselves properly under such circumstances. This is a hard bill to fill, but it is filled by Frank Heintz and Charles Fetzer, the well known candidates on the Republican ticket, and they should have a good majority.

County affairs are ever important and the great care in looking after them should be exercised and voters should make up their minds after the most prudent deliberation. Such action will enable any one to see that Bert VanWinkle is the suitable man for state's attorney, as he combines in himself the qualities which constitute the model official, and he should have a large majority if people do their duty.

And the careful investigator will look most anxiously into the affairs of the county. All deeds and mortgages are there recorded and a mistake might result in great loss and untold inconvenience, so that the way to avoid such a condition of affairs is to let not only well enough, but the best, alone. Elect Charles L. Hayden to the office and there will be no trouble.

Of course the painstaking man would look well to the office of coroner. There is something which may

mean life or death to suspected persons. There are often conditions which no one can handle as well as a regular physician, and to that end the man who was trying for the best would select Dr. Spencer for coroner, as it would be eminently fit in all respects.

And no one can dispute the claim that the affairs of the county as far as managed by the commissioners are of the utmost importance and should be intrusted to men capable of managing them in a wise and able manner. The business often means thousands to the taxpayers and hence should have for its dispatch men qualified, and such a man is George Deitrick, as will be admitted by all who know him.

NOW—THAT GOAT.

A well known farmer who was born and reared in this county, entered a place of business recently and the proprietor was surprised to see how the gentleman was scratched and generally used up, showing that he had come in contact with something that had bruised his face and banged him generally. Pressed for a reason, he declined to answer, and being a man of unblemished character and excellent habits, there was much conjecture regarding the cause of his difficulty, for it was known absolutely that he wouldn't fight or get into any sort of trouble, but finally the mystery was cleared up by a third person, who said that while Mr. X. was bending over doing some work, a large goat came up behind and gave him a tremendous butt, which sent him through a gate, causing the appearance mentioned. Whether that animal is alive yet or not, the informant was unable to say.

LADIES' ART CLUB.

The Ladies' Art club met with Mrs. M. B. Hubbard Saturday afternoon and had a profitable meeting. The election of officers was held and was as follows:

President—Mrs. Grace Young.
Vice president—Mrs. F. W. Dabney.
Secretary—Mrs. Marion Coen.
Assistant secretary—Mrs. Fannie Jordan.
Treasurer—Mrs. M. B. Hubbard.
Chaplain—Mrs. Medora Bryant.
Instructor—Mrs. E. D. Hayden.
Inspector—Mrs. M. C. Clark.
Corresponding secretary—Mrs. Elsie Moore.

Board of charities—Mrs. J. E. Rodgers, Mrs. G. W. Coleman and Mrs. D. Tinsley.

After the routine of business elegant refreshments were served. The club adjourned to meet with Mrs. Fannie Jordan next Friday afternoon.

BACK FROM THE FAIR.

The four deaf and dumb boys who were in the educational building at the world's fair returned home Saturday accompanied by their teacher, Mrs. Cooper. The nine girls also returned accompanied by Supt. Gillett. Although they stayed only a couple of days, the boys were absent two weeks and did some very fine work and reflected great credit upon the local institution. They attracted large crowds every day and many people were seen to come back to the educational building as many as three or four times in one day to watch their work.

He Is Known.

One of the inhabitants of the city of Posen found himself a few days ago in a delicate situation, as is shown by the following signed advertisement which appeared in the columns of the local paper: "Known! The name of the gentleman who on Tuesday evening as I was walking with my bride in the gardens in the Wilhelmsplatz gave me a box on the ears is known to me. Unless before Sunday evening next he has called upon me and apologized I shall place the matter in the hands of the police. He is well aware of my address. My bride also knows him, as he formerly annoyed her by proposals of marriage and met with a rebuff. That is why he gave me the box on the ear. He is known!"

Now Ready

The repairs upon my store building have been completed and I am now ready to show a full line of Wall Paper and Paints. I am prepared to handle large or small contracts for high class painting. In order to reduce my stock to make room for fall styles, I will continue the present great discount sales, which have been so attractive. My store will be open every Saturday evening to accommodate people who cannot call during working hours.

MATRIMONIAL

JOHNSON-PRUNNELS.

Francis Johnson and Miss Estella Prunells were united in marriage Saturday evening at 7:30 o'clock. Rev. W. H. Musgrove performed the ceremony at his residence on Bissell street. The groom is well known and highly respected in Jacksonville, while the bride is one of Whitehall's most charming young ladies. They are at home to their friends at the corner of Anna and Fayette streets.

NORTH DAKOTA FARMERS.

Some two years since James Osborne, who lived on the Masters farm near Murrayville for a long time, moved to the vicinity of Devil's Lake, N. D., and bought a farm containing nearly 1,000 acres and this year had some 700 acres of wheat and a lot of oats. Some time in August Albert Greenwalt, residing near Manchester, Douglas Story, Thomas McCoy and James Mutch, of Murrayville, went up there to work for him. The latter two returned some days ago, but the former came home Friday night, as there transportation was about to expire. To a Journal reporter they said that Mr. Osborne had this season almost 15,000 bushels of wheat, some 5,000 bushels of oats, 2,000 bushels of speltz, a grain raised, harvested and threshed the same as wheat and good for feed for almost all animals. 250 bushels of potatoes and a lot of turnips. In harvesting they used five seven foot binders and shocked about eighty acres a day. Mr. Osborne had a threshing machine and did work for his neighbors at 10 cents a bushel finding all the men and boarding them and he had a lot of it to do. For harvesting he paid \$2 a day and board and for threshing \$3 and board. The great trouble up there now is a shortage of ears. Elevators and grainaries are full and yet there is a scarcity of room for the wheat crop, which the Great Northern road, the one through that vicinity, is unable to move.

TRINITY PARISH
CALLS PASTOR

Rev. William Mitchell Has Been Nominated and Action Will Be Ratified By Vestrymen to Day.

Rev. Wm. Mitchell, of St. Paul, Minn., who has so acceptably filled the pulpit of the Trinity Episcopal church for the past three weeks, has been nominated as minister of the parish, and will be elected at the next session of the vestrymen, which will probably be held to day. Action would have been taken the past week had it not been for the absence from the city of Prof. J. G. Ames, secretary of the vestrymen. It is one of the rules of the church that a minister cannot be nominated and elected at the same meeting.

Rev. Mr. Mitchell has made a very favorable impression during his stay in this city, and his election as rector of Trinity parish will be commended by many besides the members of that body. Besides being a very able and interesting preacher, Mr. Mitchell is a very pleasant gentleman, and a scholarly man. He was graduated from Harvard in 1888 and from the Cambridge Episcopal theological school in 1892. His first work was in his native town of Kendallville, Ind. He was then rector of St. Luke's church at Terre Haute, Ind., for five years, and from there went to Redwood Falls, where he served as rector of the Church of the Holy Communion for two years before going to St. Paul. He has also done considerable literary work.

Mr. Mitchell's family consists of his wife and one daughter, who will arrive from St. Paul Monday evening.

RAILROAD NEWS NOTES

Alton and Wabash Will Go Back to Eight Hour Schedule Between Chicago and St. Louis—Local Items.

According to dispatches from Chicago, the seven-hour schedule for limited trains between Chicago and St. Louis on the Wabash and Alton is soon to be annulled and these trains will return to the old time of eight hours. The Chicago & Eastern Illinois announces a cut in its time to eight hours. This new line has been operating on a nine and ten hour basis, because most of the track and roadbed was new. The ballasting has proceeded far enough to warrant a reduction to eight hours. The Illinois Central has maintained its eight-hour schedule for limited trains and it is understood now that the Alton and Wabash have agreed to go back. These two roads have been able to make the time, but absolutely nothing was gained by it. The roads made no more money and the half hour of time additional given passengers at each end was of no benefit to them, being too early in the morning or too late at night for the transaction of business. Connection with east or west roads did not demand the shorter time. It is not known when the old schedule will be restored.

J. C. Yaney, supervisor of the C. & A., is spending the day with relatives in Prentice.

O. R. Unger, signal supervisor for the C. & A., of Roadhouse, was in the city Saturday.

J. H. Fogle, foreman of the Wabash interlocking hands, expected to spend the day with relatives in Decatur.

J. John, signalman for the C. & A., expected to spend Sunday with friends in Bloomington.

Phillip Rencheler, foreman of the local boiler shops, is spending the day with friends in Springfield.

The C. & A. track near the East State street crossing was being repaired Saturday.

C. P. Bemis, roadmaster for the C. & A. at Roadhouse, was in the city Saturday.

Lewis Selby, yesterday for the C. P. & St. L., departed yesterday for a few days hunting at Lake Wood.

The Burlington has decided to run the freight trains over the passenger track at the depot. The section hands were busily engaged Saturday tearing up the concrete walk at the crossing. They will raise the rail nearest to the depot platform so that instead of leaning toward the depot the cars will lean in the opposite direction. The platform cover extends so far over the track that this had to be done so as to avoid the cars striking the cover.

NOTES FROM SCHOOLS AND COLLEGES

WOMAN'S COLLEGE NOTES.

Rev. Kreker H. Bauman, of Constantinople, attended chapel Thursday morning and made a very interesting talk.

J. M. Lewis, of Quincy, called to see his daughter, Miss Helen, Friday.

Tion, W. J. Bryan called to see his cousin, Miss Anne Marshall, Thursday.

Mrs. G. M. French, of Mattoon, spent a few days with her daughter, Miss Florence, this week.

The senior preparatory class will entertain the students of the college at a Halloween party Monday night.

The annual reception to students was given Thursday afternoon by Mrs. Barker at the college home. The halls and reception room were beautifully decorated with ferns and autumn flowers. The pension will be remembered with pleasure.

The Athletic Association of the I. W. C. gave a party in the gymnasium Saturday, Oct. 22. Games were played and some very good performances were given on the rings and horse. Refreshments consisting of ginger bread men, peanuts and candy were served.

The state convention of the Young Women's Christian association will be held in Peoria next week, Nov. 3 to 7. Quite a number of delegates from the College Christian association will attend.

The electric lights from the college plant were turned on for the first time Friday evening, Oct. 24, making a brilliant illumination. The generator is of the Westinghouse make, and the engine is the Ideal, made by Ide & Co. of Springfield, Ill. The entire plant works beautifully and will be a great addition to the college equipment.

Mrs. S. R. Capps and her sister, Mrs. Harriet Reed, of St. Clare, Kas., visited the college Wednesday morning. Mrs. Reed was a student in the very first class organized in the college in 1847. The first recitations were held in the basement of the old Centenary church and were taught by Prof. Cummings, of McKendree college, who took charge of the school for the first few weeks until Dr. Jaquess, who had been elected president, could begin his work. Mrs. Reed was much pleased with her visit.

COLLEGE OF MUSIC.
Voice recital by Miss Kreider Thursday evening, Nov. 10, at college chapel.
Piano recital by Mrs. Stead Monday evening, Nov. 11, at college chapel.
Nearly one hundred students in the College of Music will attend the Ganz concert Thanksgiving night at the opera house.

A number of music students made up.

Worn-Out Women

Who Feel Tired and Fail to Get Refreshed by Sleep, Are on the Verge of a Serious Train of Diseases.

At first there will be a great languor, especially in the morning, faintness, dizziness, weakness or sinking at the pit of the stomach; the appetite will be variable, digestion impaired; palpitation of the heart, shortness of breath, cold hands and feet, headache, paleness, dark circles under the eyes, and a dragging pain across the hips and loins. The blood becomes thin and watery, and the nerves lacking in strength, the complexion sallow, the cheeks sunken, the bust flattened and reduced, the memory poor, the mind weakened, the disposition irritable and nervous, the least noise often producing complete nervous prostration. By feeding the blood and nerves with Dr. Chase's Blood and Nerve Food, the weak parts are made strong, the weight increased, the sunken cheeks and flattened bust fill out and become firm and plump; the enriched blood makes the complexion clear, the lips red, the eyes bright, and gives new life, strength and animation to the system. Price 50 cents.

LEE P. ALLCOTT.

NAGGING PAINS

Newport News, Va., July 22, 1903.
Last summer while recovering from illness of fever, I had a severe attack of inflammatory rheumatism in the knees, from which I was unable to leave my room for several months. I was treated by two doctors and also tried different kinds of liniments and medicines which seemed to relieve me from pain for awhile, but at the same time I was not any nearer getting well. One day while reading a paper I saw an advertisement of S. S. S. for Rheumatism. I decided to give it a trial, which I did at once. After I had taken three bottles I felt a great deal better, and I still continued to take it regularly until I was entirely cured. I now feel better than for years, and I cheerfully recommend S. S. S. to any one suffering from Rheumatism.

613 3rd St. CHAS. E. GILDERSLER.

Rheumatism is caused by uric acid or some other acid poison in the blood, which when deposited in the muscles and joints, produce the sharp, cutting pains and the stiffness and soreness peculiar to this disease. S. S. S. goes directly into the circulation, all irritating substances are neutralized and filtered out of the system, the blood is made pure and the general health is built up under the purifying and tonic effects of the vegetable remedy.

Write for our special book on Rheumatism which is sent free. Our physicians will advise without charge all who will write us about their case.

AMUSING MISTAKES.

Occasionally some amusing errors will be made in the identity of members of a family.

A short time since some workmen engaged in renovating the parsonage of Centenary church were introduced to the pastor, Dr. Wilder. One of the men remarked:

"O, yes; I know your father very well."

"Indeed; where did you meet him?"

"Very frequently, as he lives, you know, in the west part of town and preaches at several points in the west part of the county."

And ever since the doctor has been laughing at his cousin to whom the man referred and who is really five years younger than the man who was taken for his son.

—(4)—

A customer stepped into Rapp's hardware establishment and finding only Deem there went up to him and asked to see Mr. Rapp.

"That is my name," responded Deem.

"Are you one of the Rapps?"

"I am."

"Is Tom Rapp your father?"

"He is."

"Really; I didn't know Tom had a boy as old as you are."

Deem didn't enlighten him, but occasionally if Tom gets too lively he calls him down by saying "father."

—(5)—

A man walked into the merchant tailoring establishment of Robert Buckthorpe on East State street bent on business.

"Is this Mr. Buckthorpe?" he asked of the knight of the shears.

"That is my name," modestly replied Robert.

After eyeing him a moment the man said:

"I guess I'm mistaken; I wanted to see the old man, the one who deals in real estate."

"Thomas is bearing his honors as meekly as possible ever since the incident, but he regards it pardonable to put on a few airs over his paternal ancestor since being taken for the father instead of the son."

A VERY REMARKABLE REMEDY.

"It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "Recently a gentleman came into my store, so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store smilingly informing me that he felt as well as ever." For sale by all leading druggists.

THAT CORN CARNIVAL.

Roadhouse people are so elated over the superb display of corn and vegetables at their corn carnival held the past week, that arrangements are being made to send the display to the St. Louis exposition as being the best ever shown. J. P. Roberts, of Greenfield, got the first premium on yellow corn and J. H. Ballard, of West Roadhouse, (J. H. Hackett's tenant) received the first premium on white corn. There were ninety-four lots of about one bushel each, entered for competition.

Charles A. Rowe was the expert making the awards, and was so pleased with Mr. Roberts' corn that he was intending to get some of it for seed, until he discovered that Mr. Roberts had bought his seed from which came this sample only two years ago from W. H. Rowe & Son. Charles thinks that is one on him.

CURED HEMORRHAGE OF THE LUNGS.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." For sale by J. A. Obermeyer, City Drug Store.

HOUSE PARTY.

Misses Marie Wood and Mary Beckman, of the vicinity of Pisgah, are giving to a number of young friends a delightful house party to last over Saturday and Sunday. The fortunate guests are Misses Emma and Dora Burnett, of Waverly; Miss Sallie Harwick, of Merritt; Miss Nellie Hume, of Chambersburg; Messrs. Henry Onkes, of Bluffs; Arthur Wood and Fletcher Hopper, of Jacksonville; Clark Stevenson, and Lloyd Cox, of Orleans, and Hardie Trickey, of Winchester.

Buy your fur at the Illinois, prices are right.

JUSTICE COURTS.

In Squire Henderson's court Frank Burghland, Charles Shelley, William Hayes and Charles Black were each fined \$3 and costs for an ordinary drunk.

NEVER ASK ADVICE.

When you have a cough or cold don't ask what is good for it and get some medicine with little or no merit and perhaps dangerous. Ask for Foley's Honey and Tar, the greatest throat and lung remedy; it cures coughs and colds quickly. Sold by J. A. Obermeyer, City Drug Store.

HAD CATARRH

For Fifteen Years and Dreaded Consumption—Vinol Worth One Thousand Dollars to Arthur Gaul.

Mr. Arthur Gaul, of Wellsville, Ohio, writes: "I wish every one suffering from catarrh or bronchial troubles knew the value of Vinol as I do. Before taking it I had catarrh for fifteen years, and for the last year I had a pain in my lungs and coughed night and day, which caused me to lose flesh. I felt sure I was going into consumption, as nothing seemed to help me."

"Vinol was recommended, and after taking four bottles I am entirely cured. I would not take \$1,000 for the good it has done me. I wish I could persuade everybody who suffers from catarrh and bronchial troubles, or who dreads consumption, to take Vinol."

To further convince the people of Jacksonville in regard to the value of Vinol, I, Leo P. Allcott, declare it to be the most valuable preparation of cod liver oil for all wasting diseases, the greatest health restorer and strength creator for the weak, the convalescent and the aged which we have ever sold in our store.

I can only ask every person in Jacksonville to try Vinol on our guarantee to return your money if it fails. This is a fair, honest offer on which you cannot lose. Leo P. Allcott.

Newbro's Herpicide

THE HUNTERS CAME TOO LATE.

Their Faithful Dog has pointed out the True Remedy to Prevent Baldness, but the Hunters came too late—Chronic Baldness is incurable.

HERPICIDE A "HAIR-SAVER."

Newbro's Herpicide saves the hair by destroying the germ or microbe that is now known to be the cause of dandruff, falling hair and baldness. In chronic baldness the hair follicles are completely atrophied, causing the scalp to shrink and shine; little can be done in such cases except to save the remaining "fringe", and this is well worth saving for it offers some protection against the cold.

The "Hair Grower" is a fallacy. It requires but a slight knowledge of Anatomy to know that the hair gets its life and strength from the hair-papilla at the bottom of the hair follicle, and the papilla in turn gets its nourishment directed from the blood; therefore nature is the only true hair grower. There are enemies of hair growth that cause hair loss and baldness. Invisible microbe growths the sebaceous glands, situated at the top of the hair follicles (Dr. Sabouraud, of Paris says the microbes usually enter the scalp in youth), where one colony after another is established, until finally after months and sometimes years, there is dandruff, itching scalp and falling hair. The Sebura also solidifies, causing dry, lustreless and brittle hair. Destroy this microbe growth with Newbro's Herpicide and protect the hair against reinfection, and it will grow as nature intended.

Newbro's Herpicide is a Twentieth Century Remedy. Its mission is to teach new rules for scalp cleanliness, new rules for hair preservation and to supply a germ destroying solution that will enable careful persons to have beautiful and luxuriant hair. Almost marvelous results follow the use of Herpicide, and if it does not do more than we claim for it, your dealer will refund your purchase price. As a hair dressing it is truly exquisite, on account of its dainty and refreshing odor, which is characteristic. It contains no oil, grease or sedimentary substance, neither does it stain nor dye the hair.

Stops itching of the scalp almost instantly.

THE "LIBERTY BELLS"

This musical comedy will be the attraction at the Grand on Monday evening. It is of a kind one wants to see many times, judging from the crowds it draws on each succeeding return visit in the city. The secret of the success of "The Liberty Bells" lies in its novel effects, its liveliness, tunefulness, its beautiful and talented young woman, and, withal, a pure and clean entertainment, the latter being guaranteed by the fact that Fred Berger is manager and proprietor of the organization. The libretto is written in Harry B. Smith's happiest vein and is held by many to be his best work. Sixteen musical numbers are introduced and some forty people—mostly girls—are carried with the company. The radium ballet alone would pack the house.

Holds Fire 36 Hours Stove Supplies

COLE'S HOT BLAST

Does it with either ordinary soft coal or hard coal. This stove is the ideal heater because the fire is never out, the rooms are heated evenly, and best of all, it uses less coal than any other stove made. In fact, we guarantee it to save one-third in fuel over any lower-draft stove, the same size. Cole's Hot Blast will burn briskly for two hours in the morning with coal put in the evening before. Simply open the draft.

These wonderful results are possible because of the patented Hot Blast draft, used in connection with the patented air-tight construction (see picture), which we will show in detail if you will come to the store. We guarantee it to remain air-tight as long as used.

DON'T PUT UP WITH YOUR OLD STOVE ANOTHER YEAR

It is false economy. Cole's Hot Blast saves its cost in fuel every year and at that gives most satisfactory heat; it is clean, and is sold under a positive guarantee.

If you enjoy the luxury of dressing in warm rooms without the necessity of kindling new fires, investigate Cole's Hot Blast to-day.

Of All Kinds

Our Stove Pipe is hand made and we have the best corrugated elbows—the good and strong kind. Also an endless variety of coal hods, stove boards, oil cloth rugs, stove shovels, poker, flue stops, stove pipe collars, stove brushes, stove polish.

WHY

don't you buy a can of Stove Pipe Enamel and make your stove pipe look like new?

When Governor Yates, State's Attorney Deenen and Judge Sherman addressed the citizens of Morgan county from the same platform in Jacksonville they gave an ocular demonstration of Republican harmony so emphatic that all the columns of all the Democratic newspapers of all the state will not afford sufficient argument to convince any one that there is dissension in the party ranks. While Republican leaders may sometimes differ in opinion regarding minor details, they are always ready to form a solid phalanx in the fight against the common enemy.

"Governor" Deenen is an easy and polished speaker convincing and effective in his arguments. He made many new and warm friends by his speech and visit here, and we predict will carry more than his party strength in Johnson county on the 8th of November. He shows up to be a good, firm, clean man—one who will make Illinois a most excellent chief executive. He is fair in his remarks and free from abuse of his opponents—Vernon Times.

Speaker Cannon is going and speaking as he goes. He is making a great campaign and will win the next house and be his own successor in the speaker's chair—Danville Commercial News.

Another Kind of Ray.

M. di Branza, a student of Liege, claims to have discovered a new sort of ray, which he calls the I rays, says the London Globe. Professor Charpentier of Nancy has surmised that the brain is the seat of an emission of X rays, and M. di Branza thinks he has proved it. The I rays differ from X rays in passing through moist substances. When a subject concentrates his will the I rays, from his brain cause changes of luminosity in a phosphorescent screen. When his attention is not concentrated the light does not flicker. The rays are not emitted equally from all parts of the head. They are all at the forehead and upper part of Broca's center, increase at the temples and eyes and reach their maximum behind the ears. Orthochromatic plates are used in taking photographs of the rays.

Santos-Dumont's Huge Airship.

The New York Herald publishes the following from its Paris correspondent: M. Santos-Dumont, who has been interviewed, announces that he is building a new aerostat ten times larger than the Santos-Dumont IX. He expects to take a journey in December, remaining in the air for a week. The new balloon will have an inner envelope, which will hold the steam generated by the boiler in the car. This will have gas, doing away with the necessity of having much ballast. The car will hold four persons besides the motor.

WEDDING ANNIVERSARY.

Friday was the eleventh wedding anniversary of Mr. and Mrs. Frank Strawn, of 1231 Mound avenue, and a delightful 6 o'clock dinner was enjoyed by the immediate relatives at the Strawn home. Among the out of town guests present were: Rev. and Mrs. Roberts, of Brooklyn, who are visiting at the home of Mr. and Mrs. Scott Russell, and Mr. Robbins, of Cairo, who is a guest at the home of his daughter, Mrs. Andrew Russell. After an elegant menu had been faultlessly served the evening was spent in a most pleasant social manner.

Save money on furs at the Illinois.

MASQUERADE PARTY.

Miss Eugenia York entertained a number of friends at her home on West Lafayette avenue last evening at a masquerade party. The house was beautifully and attractively decorated for the occasion with autumn leaves, flowers and jack-o'-lanterns. Delicious refreshments were served. Games and other amusements were enjoyed until a late hour.

DEATH RECORD

ANXIER.

Benjamin L. Anxier, of Edinburg, Ill., died at Central hospital Friday night at 10 o'clock, at the age of 68 years. He was a veteran of the civil war, having served in the 144th Illinois.

The remains were taken to Edinburg Saturday afternoon via the Washburn, accompanied by Mrs. Anxier. A number of old soldiers were at the station to show their respect for the departed comrade, and Messrs. Thomas J. Reed, L. G. Cohen, C. R. Taylor and Robert Stevenson acted as bearers.

FUNERALS

EDWARDS.

The funeral of Frank M. Edwards was held at the Baptist church in Nortonville Saturday morning at 11 o'clock and was largely attended. The services were in charge of Rev. George Hart, of Franklin. The remains were laid to rest in the neighboring cemetery.

FARM FOR SALE.

For Sale—A fine farm of 206 1/2 acres, lying east of and adjacent to the town of Woodson, this county—known as the McMillan farm. This is a rare opportunity for any one desiring to purchase a farm for a home, as it is one of the best farms in Morgan county. Price and terms will be stated on application.

Frank Elliott.

Mrs. Shade Murray and daughter, Mrs. Sandusky, of Nashville, who have been visiting at the home of Mrs. L. M. Caldwell, departed Saturday accompanied by Mrs. Caldwell for Tallula, where they will visit relatives.

HIGH SCHOOL AT QUINCY.

The Jacksonville high school and the Quincy high school eleven contested for gridiron honors on the grounds of the latter Saturday afternoon with rather disastrous results for the local team. The line of the local eleven went to pieces and the fast backs were unable to get into the play before their opponents had broken through and tackled. The final score was 44 to 0.

The present season is proving disastrous for the high school boys, although they have some splendid football material. They have had an element of hard luck to contend with all season, which is one of those things that is hard to account for. Heretofore the local high school has had one of the fastest teams in central Illinois, and before the season is over the boys will no doubt round into better form and sustain the reputations of former years.

HALLOWEEN SOCIABLE.

The Young People's Christian Endeavor society of the State Street Presbyterian church gave a Halloween sociable Saturday evening. A large number of young people were present and enjoyed a pleasant evening. The fortune teller was a source of great amusement and was a most delightful feature of the program. The regular Halloween games were played with great enthusiasm. Delicious refreshments were then served, after which all repaired to their homes with many pleasant recollections of the evening.

CLAY AVENUE PAVING.

Editor Journal: As so many are talking about street paving and Clay avenue in particular, I will give you my opinion. The property owners on Clay avenue did not want the sewer because there was not outlet, but as that is down it leaves the street in such condition that we could scarcely do without the pavement, and I believe they will be ready when the time comes for it to be paved. I think it will be just as hard on me as any one and I am too good a Republican to say stop; so don't worry about Clay avenue.

ON THE GRIDIRON

Mutes Defeat Springfield—Quincy Wins From Local High School Eleven and Business College Loses to Winchester.

The School for the Deaf defeated the Springfield high school football eleven Saturday afternoon by a score of 8 to 4. Although the mutes were the superior players, the game was close and Springfield put up a gritty game against odds. The stars of the Deaf and Dumb team are too well known to need mention. All of the men showed up well, but they fumbled the ball at several critical points. The Springfield team was far the lighter, Scott, Gaffney, Brown and Poston showed up well, Springfield played in hard luck the first part of the game.

The locals kicked off, soon after the mutes got the ball and advanced it steadily to the twenty-five-yard line, where Springfield held. On the second play the visitors fumbled and Freeman caught the ball and scored a touchdown. Tate kicked goal. Score, 6 to 0. The mutes kicked off, Springfield was soon forced to punt and time was called with the ball near the center of the field.

In the second half Springfield kicked off to Barnett, who returned the ball twenty-five yards. The ball changed hands several times. The visitors made two punts which the mutes fumbled, and it was their ball on the mutes' five-yard line. After two attempts to push the ball over Hanes fell back and made a drop kick. Score, 6 to 4. After the kick-off the mutes again forced the ball to Springfield's four-yard line. The mutes fumbled, but regained the ball on the three-yard mark. On the next play the mutes fumbled, but Fleishman, who got the ball, was pushed back over the goal line for a safety for the locals. Score, 8 to 4. The mutes again forced the ball to Springfield's five-yard line, where time was called. The lineup: Springfield—Bunn, left end; Vandergriff, left tackle; Twist, left guard; Fleishman, center; Clendinning, right guard; Puttling, right tackle; Poston, right end; Scott, quarter; Brown, left halfback; Gaffney, right halfback; Hanes, fullback.

Deaf and Dumb—Valentine, left end; Earnest, left tackle; Rhodes, left guard; Handrock, center; Cross, right guard; Tate, right tackle; Freeman, right end; French, quarter; Johnson, left halfback; Werner, right halfback; Mendo, fullback.

Summary: Touchdown—Freeman. Drop kick from field—Hanes. Goal—Tate. Halves—Twenty minutes. Referee—Wood and Harmon. Umpire—Harmon and Wood. Linesman—Freeman. Score—8 to 4. WINCHESTER-BUSINESS COLLEGE.

The Winchester Athletic association defeated the Jacksonville Business college Saturday afternoon by a score of 5 to 0 in Winchester. The game was another example of beef against grit. The locals played a remarkably fast and hard game. The tackling of Strawn and Dickens was a feature. Morgan made a fifty-yard run on a fumble. At one time the Business college took the ball on their opponents' five-yard line and advanced it steadily without change to the Winchester fifteen-yard mark. W. T. Harmon acted as referee. The Business college lineup: Morgan, left end; Bates, left tackle; Jarrett, a fullback; Johnson, right halfback; Jarrett, left guard; Reno, center; Smith, right guard; Hamilton, right tackle; Barnett, right end; Boston, quarter; Allen, left halfback; Dickens, right halfback; Strawn, fullback.

PRESENTED WITH DIAMOND RING

W. E. Killen Handsomely Remembered by Employees of C. P. & St. L. Shops—Silver Loving Cup and Tray for Mrs. Killen.

Since the resignation of W. E. Killen as superintendent of motive power of the C. P. & St. L. railroad his former employees in the shops have been seeking a way in which they could express their appreciation of his worth as a man and as superintendent. His resignation came as a great surprise to them and many were the expressions of regret.

Owing to the very nature of their business and to the absence of Mr. Killen from the city, it has been difficult to find a date when the men and himself could meet. Last night, however, a large delegation of the railroad people, probably a hundred, met at the residence of Mr. Killen and presented him with a very valuable diamond ring. Thomas E. Rogerson, general foreman of the shops, in an appropriate manner introduced Mayor John R. Davis, who, on behalf of the donors, presented the ring, and in well chosen words, voiced the feeling of respect and love of all who had so long been intimately connected with Mr. Killen in the department he so successfully managed. Mr. Killen was more than surprised and gratified at receiving the costly testimonial, but more than all was greatly affected by the words spoken by all present. He endeavored to speak of his appreciation, but for once action had to speak louder than words.

Mrs. Killen was also the recipient of a handsome silver loving cup and tray, a gift that will always be highly valued as the expression of a most gracious and kindly feeling.

The Killen home was filled with a number of intimate friends who had been apprised of the presentation and the evening was indeed a delightful one. The occasion will always be a pleasant memory and the action of the C. P. & St. L. employees served to show the cordial relations that have existed between Mr. Killen and his men, a condition, that is essential to the success and growth of any large establishment and which has figured so conspicuously in the prosperity of the local shops.

HATCH SIGNS THE BOND.

Mi-o-na, Nature's Cure for Dyspepsia. Costs Nothing if it Fails.

The guarantee given with Mi-o-na is no ordinary promise. It is a guarantee bond signed by your own druggist, a reliable firm right in this town. Read the following guarantee bond and see how simple and plain it is:

GUARANTEE.
We hereby guarantee to refund the money paid for Mi-o-na on return of the empty boxes if the purchaser tells us that it has failed to cure dyspepsia or stomach troubles. This guarantee covers two 50c boxes, or a month's treatment.
(Signed) **HATCH.**

It does not always happen that two boxes of Mi-o-na will cure a case of stomach trouble that has been present for years, but they will certainly give more than enough benefit to prove that the remedy will cure. In ordinary cases one or two boxes will restore perfect health.

A few doses of Mi-o-na will strengthen the nerves of the stomach so that the appetite will return and you will be started on the right road to health.

Ninety-three per cent. of chronic diseases begin with dyspepsia. Cure the dyspeptic troubles, regulate the digestion, and avoid the fate of chronic invalidism.

Remember you run no risk in using Mi-o-na. Hatch warrants it, and it costs you nothing unless it cures.
